

ORMO 42 – freedom in compact form

Universal camper cell for standard pickup trucks

The ORMO 42 is the most compact and lightweight camper in our range – an ideal choice for those seeking a light, easy-to-handle travel solution.

Full-cycle production

We handle the entire process – from designing and producing sandwich panels to sewing furniture upholstery – ensuring quality at every stage.

Materials and accessories

We use only premium materials and components from top international brands, including Dometic, Eberspächer, Webasto, Optiplan, and Sika.

Ergonomics and comfort

Our designs prioritize ergonomics and comfort. In compact living spaces, every detail is crafted for functionality and ease of use.

Double Cab
